February 1st 2022 Zoom Meeting - 7.30pm

SCPF PDI League 7 hosted by Haslemere with Roger Smith.

February 15th 2022 Zoom Meeting - 7.30pm

All the Gear No Idea with Roger Hance FRPS AFIAP DPAGB BPE5* We all know people in camera clubs that have all the latest camera equipment, but they never seem able to 'consistently' take winning images. Yet other people in the club seem to regularly produce images that score highly.

Why is this? There are numerous reasons, and in this talk, Roger will try to explain some them and how you can avoid the pitfalls so many photographers fall into. Roger will show some of his best images, across a range of subjects and explain how and where he has taken them. He will also show the 'original raw file' and then 'finished image' and explain how an image can be improved significantly with careful processing. Website

March 1st 2022 Town Hall Annexe at 7.30pm

ANNUAL BATTLE with Royal Wootton Bassett Camera Club...it's our turn to host this popular challenge!

March 15th 2022 Zoom Meeting - 7.30pm

Presentation with Linda Bembridge. Linda's evening maybe best titled as "Mostly abstract with a bit of Landscape" but she readily admits that not one lecture is the same as another! Linda says "My lecture content focuses on the different styles of my photography over time, why each is important and how each fits into the journey" Linda's presentation includes talk of techniques, what works for her, what doesn't and why! <https://www.lindabembridge.me>

March 20th 2022 SCPF Print and PDI Championships 2022

Alton Assembly Rooms, High St, Alton GU34 1BA Don't miss this opportunity to watch images from approximately 30 clubs across the SCPF region being judged.

April 5th 2022 Town Hall Annexe at 7.30pm

Cotswold and Cornish Cream with Martin Fry FRPS APAGB...

Photographer and lecturer Martin Fry will take us on an audio-visual journey in this fascinating talk. From the rolling hills of the Cotswolds to the dramatic coastline of Cornwall, he explores his passion for the landscape and culture, combining images, music and prose.

Cheltenham born, Martin is well known as a lecturer and International judge in all forms of photography.

April 19th 2022 Zoom Meeting - 7.30pm

Echoes of Silence - Chernobyl 34 years on with Graham Harris. At 1:23 a.m on 26th April 1986 Chernobyl in Ukraine hit the world headlines when nuclear reactor no 4 at the VA Lenin power plant

exploded during a safety test. The result saw 49,000 people from the city of Pripyat and the surrounding area being evacuated within 3 hours. They were told this would be a short-term measure but they never returned! In 2018 & again in 2019 I visited the exclusion zone of Chernobyl & spent 8 full days exploring the now deserted wilderness. Homes, shops, schools & hospitals sit silent and forgotten with trees growing in the middle of once busy roads. You could walk through the city for hours yet never see another soul. I wondered around with my camera in hand constantly in awe by the beauty that is decay. My visits to the exclusion zone have really left a mark on me.

May 3rd 2022 Town Hall Annexe at 7.30pm

PDI League Round 3 Prints League Round 3 with Sandy Watson Don't forget your images need to be with Barry by midnight on Friday 22nd April 2022. Rules on the website

May 17th 2022 Zoom Meeting - 7.30pm

Still Life Backgrounds - Construction Tips with Stan Farrow FRPS EFIAP DPAGB I have been a photographer for almost as long as I can remember. Nowadays I describe myself as a creative digital photographer. I enjoy applying my strong interest in modern art to my photographic work. I also greatly enjoy using Photoshop creatively to make new digital art, especially still-life work with layers of texture. I have had many works accepted for exhibition worldwide and have won several major awards. Website
